

NATIONAL COMMISSION FOR WOMEN LAUNCHES ANTI-HUMAN TRAFFICKING CELL

STOP HUMAN TRAFFICKING !

The National Commission for Women launched an Anti-Human Trafficking Cell on 2nd April 2022 to improve effectiveness in tackling cases of human trafficking, raising awareness among women and girls, capacity building and training of Anti Trafficking Units and to increase responsiveness of Law Enforcement Agencies.

The Cell has been set up with an aim to enhance awareness among Law Enforcement Officials and to facilitate their capacity building. The Cell will conduct Gender Sensitization Trainings and Workshops in combating human trafficking for Police Officers and for Prosecutors at regional, state and district level. The complaints related to human trafficking received by the Commission will be addressed by this Cell.

The Commission has observed that some of the major issues faced in combating trafficking include lack of rehabilitation for survivors and insensitive attitude towards trafficked survivors and their families. Therefore, the Cell will improve monitoring mechanism and encourage Government Agencies regarding measures being adopted for prevention of trafficking and rehabilitation of survivors.

The Cell will also help survivors of trafficking in rebuilding their lives by providing them with need-based training and by organizing capacity building programs for them to prevent re-trafficking of survivors.
